

CHART 3 - Note: This table demonstrates the complementary nature of the chapters of the book of Daniel. - To note in Dan.11 in verse 36 the relay between the Syrian **Greek** king **Antiochos IV** (persecutor type) and the **Roman papacy** its antitype.- In Dan.8, 9, and 11, only different verbs defining the fate of the **sanctuary** allow to attribute the action to the papacy (**overthrow the sanctuary**), and Antiochos (profaned by his god Jupiter).

SYNOPTIC ON DANIEL 2 - 7 - 8 - 9 - 11 - 12

Note that in Dan.9:26, and Dan.8:13-14 the translation of the Hebrew word "qodesh" is "holiness" and not "sanctuary". **Holiness** concerns the Sabbath, the people of the saints (v24), the clergy, the temple, and the **perpetual** heavenly priesthood of **Jesus Christ** (only intercessor)-1994: after a new test of faith in France, **Institutional Adventism of 7th day fell**. Progression of themes revealed and developed
